Are we in the same page in this is the support the mayor needs to move forward? The support is there. People just don't know what to do and are frustrated. The park has become dangerous for both those in and around the park (point to murder, assaults, damage and destruction and unsanitary conditions). We will not "sweep" unhoused people. We have offered both temporary shelter and long term housing to those experiencing homelessness in the park. Many have taken these offers. those who remain in the park will not accept services and are creating an even more dangerous environment and these actions are counter productive to making the park safe and welcoming for all. 646						Ron Amunson seems to be spending a lot of time in the Zone. He is very concerned as in his conversation with the leaders, they have no idea what they are doing , he says. He also says there is a bigger influx of people outside of Seattle milling around, there is fear in the air. He said someone has to do something. Residents are moving out of the Electric apartments. People are on the roof of Odd Fellows and the White bldg. Guns in the crowd. He said Fire Chief is meeting with Zone leadership and Ron and some others at 1pm today to discuss security and sanitation. He said we have to be there.... Im the messenger... what do you think! Ron also said do the law suit, nothing else will happen but trouble... Thoughts? Mike	Read	6/14/2020	6/14/2020 11:44:32 AM(UTC-7)

All the same things I have been seeing and feeling. For sure this is going to effect the bob vacancy if it goes for months. But really guns and no one in charge is a good thing. Things are more likely to self implode that way. We need some excuse for the police to be needed again in there. Some white nationalist showed up this am... this might be a good thing. The chaz group is getting nervous. I think give it a few more days until lawsuit time.... but keep working the back channels as best we can. I'd love to be at the 1.00 but I have to pick my kids up out in north bend at 1.45 from my brother in law who too them to chelan. I doubt much will come out of a meeting... We have spent the last 4 weeks helping each other remove graffiti and plywood from our windows in an effort to bring our urban neighborhood closer to normal. Please remove the barricade, fencing and plywood from our East Precinct Building. Help us, support us in getting our businesses back, our many apartment residents more comfortable. Remove the squatters and open our park. Please. We support you and the SPD. We are doing our part, but the City must help us. I have taken the liberty of copying Adrian Diaz on this note. Please join us in trying to make things better. Thank you so very much, Jenny. Mike Michael J Malone_	Read	10/1/2020	10/1/2020 3:44:53 PM(UTC-7)

For the last 6 months or so, a impressive group of Pike/Pine land owners/ developers have been working to get the City to clear out Cal Anderson Park and restore the SPD East Precinct back to being a "friendly neighbor ", rather then a sight from Beirut! It's great to see companies like Gerding Edlen and Mill Creek get into neighborhood engagement, rather then just permits and construction. I think you could do a terrific story showing how RE Developers really care are the neighborhoods their investing in. I would love to see some press on Pike/Pine that's not about Cops and Protesters!! Could we chat ? Mike	Read	12/14/2020	12/14/2020 11:57:11 AM(UTC-8)

It's a very tricky situation because the protests are severely negatively impacting many of our tenants, just when they spent so much \$ and timing ramping back up. Now they are completely shut down and boarded up, creeping closer and closer to insolvency. They want to stand in solidarity with the protesters but it comes with a much greater personal sacrifice than those who roll into town for the afternoon.	Sent	6/4/2020	6/4/2020 9:10:19 AM(UTC-7)

We have spent the last 4 weeks helping each other remove graffiti and plywood from our windows in an effort to bring our urban neighborhood closer to normal. Please remove the barricade, fencing and plywood from our East Precinct Building. Help us, support us in getting our businesses back, our many apartment residents more comfortable. Remove the squatters and open our park. Please. We support you and the SPD. We are doing our part, but the City must help us.</p> <p>I have taken the liberty of copying Adrian Diaz on this note. Please join us in trying to make things better. Thank you so very much, Jenny.</p> <p>Mike Michael J Malone</p> <p>B)</p> <p>Thanks for the note. We finally collectively agreed that we had 2 initial demands. Remove the barricades and port a potties. Which will actually be very difficult, if not impossible for the city. But at least we agreed on what we want to happen.	Sent	6/11/2020	6/11/2020 9:51:46 PM(UTC-7)
